Thomas Karsten

has successfully completed the online, non-credit Professional Certificate

Preparing for Google Cloud Certification: Machine Learning Engineer

In this Professional Certificate, learners understood how to design, build, productionalize ML models to solve business challenges using Google Cloud. They experimented with end-to-end ML, learnt advanced ML to build production-ready ML models on Google Cloud.

Google Cloud Training

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
